### Workshop: Distribution tariff structures and use of system agreements

An information paper and agenda for the workshop being held on Friday, 10 September are available at:

- <http://www.electricitycommission.govt.nz/opdev/mdp/distrib-tariff#workshop>

The information paper, published to facilitate discussion at the workshop, outlines the findings from the information-gathering project and the recommended next steps. Participants are encouraged to consider the paper prior to the workshop, which is intended to determine if stakeholders generally support the way in which the Commission has summarised the findings from its one-on-one stakeholder meetings, and if there is general support for the recommended next steps.

The workshop will start at 10am and will now finish at 3pm. As previously requested, those wishing to attend are asked to send their names and contact details to [conference@electricitycommission.govt.nz](mailto:conference@electricitycommission.govt.nz) by 5pm on Friday, 3 September 2010 with 'Standardisation workshop attendee' in the subject line. Registrations are required as space may be limited and also to ensure participants are placed into groups for break-out sessions.

The venue is:  
Duxton Hotel, 170 Wakefield St.
