Dear Alan

Contribution to the Retail Advisory Group

On behalf of the Retail Advisory Group, I would like to thank you for the valuable contribution you have made to the group.

Your knowledge, experience and understanding of the issues facing the New Zealand retail electricity market have assisted the group on a number of matters, including the *research project: effects of low fixed charges* and the *review of secondary networks*.

I wish you all the best in your future endeavours.

Yours sincerely

Peter Allport
Chair, Retail Advisory Group
