Dear Phillip and Luke

MDAG Operating Protocols

Thank you for your letter of 16 December 2019 with your suggestions for improving the 4 September 2019 draft of MDAG's Operational Procedures.

The MDAG reviewed your suggestions at its 19 February 2020 meeting and made various changes based on your proposals. Please find attached:

- A summary and initial assessment of your suggestions, which was agreed by MDAG; and
- A tracked change version of the Operating Protocols so you can readily identify the changes made. This included a change to the name of the document.

We will publish an updated version of MDAG's Operating Protocols on the Authority's website.

We appreciate your contribution on this matter.

Yours sincerely,

Tony Baldwin
MDAG Chair
