Dear Peter

**Amendment to Registry Manager Market Operator Service Provider Agreement**

I refer to the Registry Manager Market Operator Service Provider Agreement (MOSPA) between the Electricity Authority (Authority) and Jade Software Corporation (NZ) Limited, dated 25 January 2017, relating to services provided by Jade Software Corporation (NZ) Limited as the registry manager.

The Authority would like to amend the functional specification in Schedule 3 of the MOSPA to reflect the following amendments:

- *DS-010 Transfer ICPs between distributors*: clarify the information required under optional field statuses and remove requirements for a header line
- *PI-010 Publish information*: new requirements to amend published information and documents, addition of FAQ and troubleshooting guide
- *SU-020 Disables user and SU-050 Lockout logons*: addition of enhanced logging and auditing section
- *QU-010 Search to find an ICP identifier*: clarify business rule 4 to include a registry user can search by property name as well as physical street address
- *PR-120 Produce NSP mapping table report*: addition of NSP table report request example
- *MM-040 Missing MEP ownership historical insertion*: new section to correct missing MEP. Includes clarification changes to:
  - MM-010 Add new metering information
  - RM-020 Add new trader information
  - sections 1.12.13 and 1.12.14
  - process maps figure 3.

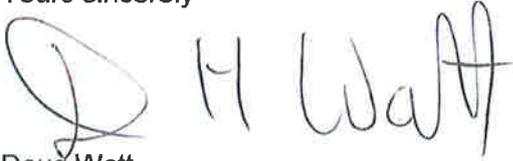

The Authority would like to amend the MOSPA by replacing the functional specification in Schedule 3 of the MOSPA with the new functional specification, version 22.19, attached to this letter.

It is proposed that this amendment to the MOSPA will take effect on the date you sign this letter.
