Hi S9(2)(a)

One other request – can we please get a Word copy of the extract of relevant material so we can mark up any suggested corrections?

Regards

Jason

Hi Jason

Andy is out of the office today, so I'm responding on his behalf.

Apologies for any confusion with the numbering. I've checked with the team and they've confirmed that the references to figures or tables in the text is always in reference to the figure or table immediately following the relevant paragraph.

Hi Andy

Thanks. In extracting the material you have sent us it seems some of the Figure and Table references have gone awry - resetting to run from 1 in the headings to the various Figures and Tables but not in the text of the document e.g. Figure 1 in here is referred to as Figure 24 in para 1.1.

I think we can work out what's intended in all cases but it would be helpful if you or one of your team could please confirm the correct references.

Cheers

Jason
