

# Memo

**To** All participants  
**From** The Authority  
**Date** 2 May 2022  
**Subject** Declaration of Friday 24 June 2022 as a non-business day  
**For your information**

---

Part 1 of the Electricity Industry Participation Code 2010 defines a business day as any day of the week except Saturdays, Sundays, national holidays, and any other day from time to time as declared by the Authority not to be a business day by notice to each registered participant.

The Authority declares that **Friday 24 June 2022** will not be a business day for all purposes under the Code because it is a new nationwide public holiday that was added to the Holidays Act 2003, in April 2022.

Regards,

Andrew Doube
