

1 February 2022

s9(2)(a)
By Email: s9(2)(a)

Dear s9(2)(a)

Thank you for your request, received on 19 December 2021, for the following information under the Official Information Act 1982 (the Act):

- “The supply of Final and Reserve price data that include the timestamps”

By 28 February 2022 the Authority intends to publish the final energy price and final reserve price files exactly as received from the pricing manager (with the timestamps and without the Fast Instantaneous Reserves (FIR) and Sustained Instantaneous Reserves (SIR) megawatt values, as this information does not come from the pricing manager, is not prices, and is available elsewhere on the EMI website) for all months from July 2009 to January 2022. This will be available on the [EMI website](#).

Thereafter, this data will be published each month (for the preceding month). Please note data will not be published until all prices on all days of the preceding month are final. If prices are still interim the publication will be delayed until they are final, that might be months or years later – for example if their prices have been held interim pending investigation of an Undesirable Trading Situation claim (UTS).

Therefore, your request is declined under s18(d) of the Act as this information will soon be made publicly available. You have the right to seek an investigation and review by the Ombudsman of this decision. Information about how to make a complaint is available at www.ombudsman.parliament.nz or freephone 0800 802 602.

If you wish to discuss this decision with us, please feel free to contact us by emailing oia@ea.govt.nz.

Yours sincerely

Sarah Gillies
