**It is our understanding that maintenance to transmission circuits between Waikato and Auckland took place on 26 March, and may have created the opportunity for a single generator to control market prices. Prices on the 26<sup>th</sup> were significantly higher than the previous day when the maintenance was not taking place.**

**On Wednesday, 30 March we were contracted by our spot supplier and notified of the event and impact on prices.**

**We do not yet know the full extent of the financial impact on our business of the event of 26 March, but estimate it to be \$ **xxx** and request that the figure in this paragraph be treated as confidential and commercially sensitive by the EA.**
